UNITED SEATS

Off road seating manufacturer

UNITEDSEATS PROVIDE MORE SEATING SOLUTIONS

UnitedSeats is a worldwide manufacturer of off road seating solutions for the industrial, agricultural, construction and marine sectors. All seats are produced under contract for us in a state of the art modern 75.000 m² facility using the latest manufacturing techniques.

UnitedSeats is increasingly proving the perfect seating solution for our customers. The seats fit perfectly in a large number of applications, our modular approach means you can build your own seat and we are flexible to supply quantities from

1 to 10,000 seats. In our assembly centre UnitedSeats provides a prompt service to both OEM and aftermarket customers. We can configure seats in low volume batches to meet customers specifications on a short lead time.

MGV55 fitted to Mecalac's new MDX cabbed site dumper

MGV55 fitted to Pitbull's new compact loader

UNITEDSEATS IS YOUR VERSATILE AND FLEXIBLE SEATING SPECIALIST

UnitedSeats is based near Rotterdam, The Netherlands from where we supply a portfolio of OEM's and dealer network around the world. We remain committed to innovation, providing seating products and backed by excellent sales and service support.

We can configure seats in low volume batches to meet customers

specifications on a short lead time. Our in-house Dutch design capability

allows us to tailor product for OEM and dealer specification. Our range comprises a selection of air and mechanical suspensions which are both high and low profile. These can be combined with a wide selection of seat uppers in fabric, pvc and leather.

THE BENEFITS OF BEING A UNITEDSEATS DEALER

UnitedSeats actively promote a partnership programme. We assist distributors appointed as Tinplate partners with the promotion of the brand.

Each year all our dealers receive a certificate. We have certificates in different categories, depending on the sales volume achieved and marketing effort. The higher the category, the more benefits and marketing support the dealer will get.

UNITEDSEATS DEALER DAYS GREAT SUCCESS

During the UnitedSeats Dealer Days, dealers got a unique look behind the brand. UnitedSeats represents a value for money range and supplied to high levels of flexibility not offered by mainstream seating brands.

During the Dealer Days dealers got to know the product range and partnership benefits, such as marketing support. In addition to product presentations, a tour of the assembly room and the warehouse, there was also time for

relaxation: a boat trip on the waters of Rotterdam where both dealers and the UnitedSeats team got to know each other better on a personal level. The event was memorable and succesfull. We all look forward to the new conference this year.

ISO 9001 & 14001 CERTIFIED

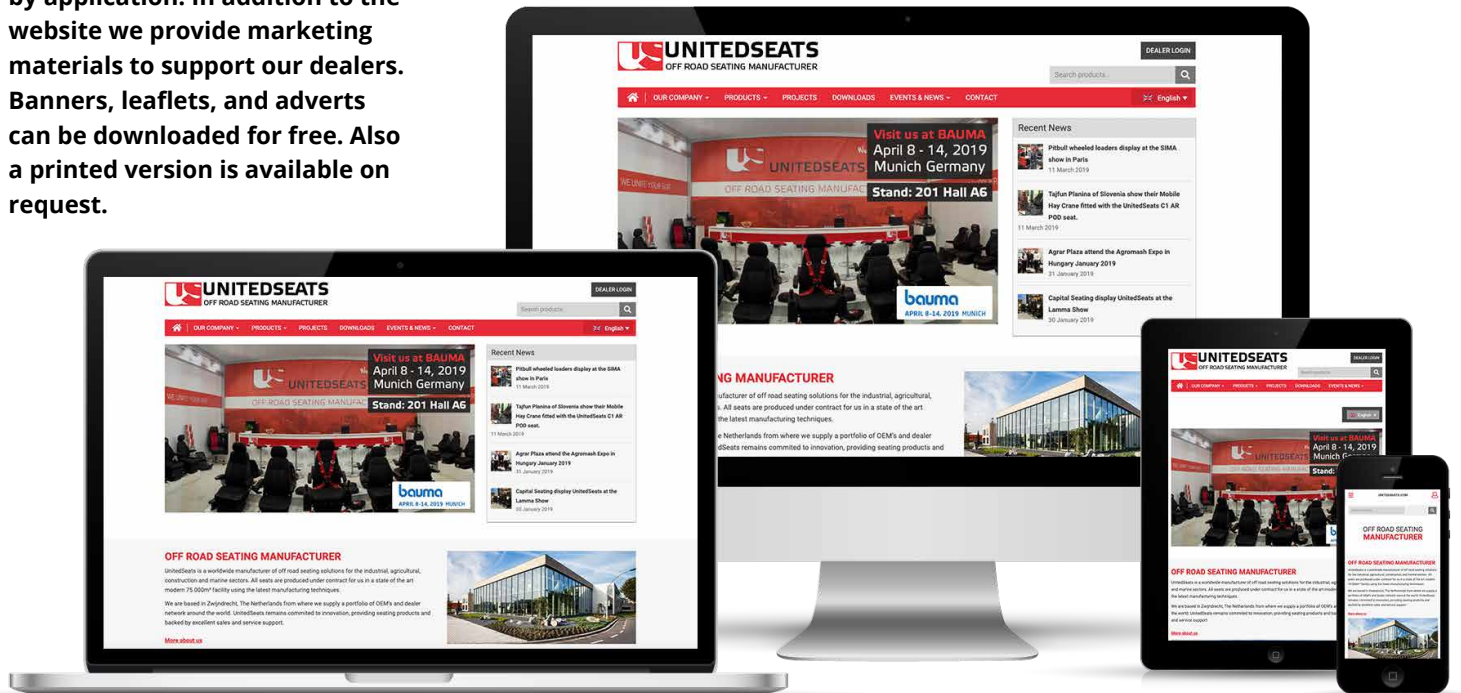

UnitedSeats is ISO 9001: 2015 and ISO 14001: 2015 certified. With this we show high quality requirements of our products and services and guarantee sustainability in the organization.

UNITEDSEATS USER-FRIENDLY WEBSITE

At unitedseats.com you'll find all the seats and parts of the UnitedSeats brand, categorized by application. In addition to the website we provide marketing materials to support our dealers. Banners, leaflets, and adverts can be downloaded for free. Also a printed version is available on request.

Through The Dealer Login on the website we offer our product photos (in high resolution), line drawings and artwork. Finally the Dealer Status is shown along with the requirements for gaining a higher dealer status and corresponding benefits.

NEW PRODUCT BROCHURES AVAILABLE

This year UnitedSeats is releasing new product brochures. Categorized by application: construction machinery, forklift, agricultural and marine. All seats and parts of the UnitedSeats brand are presented in a clear way, for use at appropriate shows and in dealer shops.

In addition to describing the standard version, the options for each seat are shown and measurements can be read quickly and easily from line drawings.

The brochures are available for all dealers upon request, or downloadable on the UnitedSeats website: unitedseats.com

UNITEDSEATS PRESENTS:

NEW SERIES OF COMPACT SEATS

The newest UnitedSeats seat the MG35, is a compact seat for forklifts, small construction and industrial machinery. Equipped with extensive adjustment options and an excellent suspension system. The seat is now also available with a curved ergonomic back cushion for even more seating comfort (MG35 Comfort).

Different mounting points on the seat makes it easy to install. A big plus point for the mechanical suspension is the fast and smooth weight adjustment from 50 to 150 kg. The seat has a folding and adjustable backrest, a contact switch and a fully integrated seat belt. Optionally, the seat can be expanded with luxury armrests and back extension.

Also available with wider seat and higher back

The seat is available in fabric upholstery or Heavy Duty PVC. Optionally, the MG35 is also available in a larger version (The new UnitedSeats MG55), with a higher back, a wider seat with luxury armrests included. Both the MG35 and MG55 can be made ready for the installation of joystick consoles.

MGV35
Comfort

**The MG35/55 series meets international test standards
such as EM 13490 IT1/IT2, ISO 7096, EM1/2/3 & EM5/6/7/8/9**
